

One-day Workshop on Quantum Information, Communication and Computing

24th May 2023

About the workshop

IUAC is conducting one day workshop on Quantum Information, communication and computing. This workshop aims at imparting knowledge about quantum systems which are governed by quantum mechanical principles. The workshop will create awareness on how to harness the immense technological advancement these systems offer to us in the areas of information and computing. The talks in the workshop will be of beginner's level. This workshop will motivate scientists, engineers, and others to pursue this field with enthusiasm.

Registrations

Registrations are open for students pursuing their masters, PhD, and early career young faculty working in relevant disciplines from universities in and around Delhi/ NCR.

List of Tentative Speakers*

- Prof. Arun Kumar Pati, HRI
- Prof. Aditi Sen De, HRI
- Prof. Ujjwal Sen, HRI
- Dr. Anindita Banerjee, CDAC

* List will be updated
