NATIONAL TECHNOLOGY DAY

11 MAY 2026

**Responsible Innovation
for Inclusive Growth & AI**

Inter-University Accelerator Centre, an autonomous centre of UGC, Ministry of Education is celebrating National Technology Day with the theme 'Responsible Innovation for inclusive growth & AI' by organizing lecture series delivered by eminent speakers. Technology Day is celebrated to commemorate the historic nuclear tests carried out by India on May 11, 1998, in Pokhran, Rajasthan. The nuclear tests were a significant step towards showing the selfreliance achieved by India in the field of nuclear development and security. The day is being celebrated to ignite the young minds of the country to get inspiration from the latest technology available around the country.

PROGRAM GALAXY AND ATTRACTIONS

Display of unique models, project and posters by students

Screening of a movie on National Technology Day

Literature/Books display by National Book Trust & Vibha

Special lectures by dignitaries from ISRO, DRDO and other prominent research institutes of the country

IUAC indigenous technology demo, and certificates of participation will be given to all the pre-registered participants.
